

PARKING POLICY

The Islamic Center of Pittsburgh is located in a residential parking permit area of the Schenley Farms Historical District. Visitors to the ICP may legally park in the area for up to one hour without a parking permit. This is in effect every day from 7am – 7pm, except for Sundays.

Given this allowance, the below policies will be strictly enforced to ensure the safety, efficiency, and needs of the ICP Community and Staff.

- We have allotted several, labeled parking spots for staff and workers of the ICP. **Nobody is to park in these spots at any time other than staff members of the ICP.** Cars parked illegally in the driveway can cause staff and workers much unnecessary delay and inconvenience in fulfilling their duties.
- We will issue **one warning** to anybody found parking illegally in our driveway. The license plate number will be noted, and upon a second violation **we will tow the vehicle.** Towing costs will be at the vehicle owner's expense. The towing company is 'Howard's Towing' and can be contacted via phone at 412-292-0590.
- To strike a balance with the needs of community members and staff, we have allotted **five rental spots**, which are clearly labeled. We issue parking badges for these vehicles, which must be clearly displayed on vehicle dashboard. Anybody found parking in these areas without a valid ICP Parking badge will be towed.
- Under no circumstances are visitors of the ICP to block or park in our neighbors' driveways. **Anyone found blocking driveways will be reported to the authorities without warning.**
- **The ICP will not be held responsible for any tickets or fines received while parking near the ICP premises for any reason.**
